An Enduring Icon for Over 70 Years

Some of America's most iconic pictures feature bandannas. From Rosie the Riveter to the classic American cowboy, these simple, square pieces of fabric have become an American symbol. From their use as mouth covering while herding buffalo to a hanky, used to wipe a child's tear, this national symbol has touched almost everyone's life at some point.

Bandannas history in America is full of diversity, much like our multicultural heritage. Their early use included a face covering for the British Red Coats as they fought the American soldiers, and a peace offering between the Native Americans and early colonists. Their popularity grew exponential-ly in the 1950's as they became the token symbol of Western movies, Zorro, and cowboys everywhere.

Bandannas have continued to evolve through the years, with a variety of colors and patterns emerg- ing. From hot pinks to licensed prints, bandannas cover the fashion spectrum. But the top selling design for over 70 years has continued to be the Carolina **PAISLEY BANDANNA!** The paisley fashion trend has been around for well over a centu- ry. When you consider the lifespan of most trends, the longevity of the paisley is truly significant. Bandannas are practically synonymous with paisley which is why our trademark design has flourished for decades. **THE POWER OF PAISLEY!**
