Quick Green

Lawn Food

**21-1-1 PLUS
IRON**

NET CONTENTS: 1 GALLON (128 OZ.) 3.78 L • NET WEIGHT: 10.58 LBS (4.8 KG)

IFA's Quick Green Lawn Food is specially formulated for turf. This product is enhanced with 3 types of nitrogen for fast, medium and longer term feeding. It also contains essential turf nutrients phosphorus, potassium, and iron. The iron is formulated to be especially effective in combination with nitrogen and potassium to promote green healthy turf.

For the deep green lawn you've been dreaming of.

TURF APPLICATION RATE

Set hose end sprayer at 4oz (8Tbs) per gallon of water.

Conversion of liquid measurement:

1 Tablespoon = 3 teaspoons = 1/2 fl. oz. = 14.75 ml

2 Tablespoons = 6 teaspoons = 1 fl. oz. = 29.5 ml • 1/4 cup = 2 fl. oz. = 59 ml

FOLIAR APPLICATION: See the chart above to determine application rates.

- 1) Apply as a foliar early in the morning or late in the evening.
- 2) If using a dial hose end sprayer pour **Quick Green** into spraying device and set at proper dilution ratio depending on desired application.
- 3) Best if not watered for at least 24 hours to avoid washing off fertilizer. This allows uptake of nutrients into the leaf.
- 4) Apply to lawn evenly with a dial type hose-end sprayer using a back and forth motion at a moderate walking tempo.
- 5) Coverage = 8,000 sq. ft. – 16,000 sq. ft. depending on walking speed and desired application rate.
