*Our commitment to
you, our customer.*

Since 1973, our core emphasis and expertise has been, and continues to be, custom wire fabrication. Our team has a combined 100 years of expertise in private label and OEM projects, CAD, project conceptualization and design.

We take tremendous pride in producing American-made products. Our goal is to manufacture as much as possible locally within our production facility in Portland, Oregon. Depending on desired volume, lead time, and budget, we can also source products directly from our off-shore factory.

With Oregon Wire, you can depend on a personalized buying experience with the utmost transparency, honesty and integrity.
