FOR OVER 25 YEARS

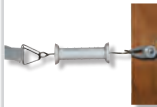

Powerfields has been a trusted partner to retailers all over the United States. With warehouses and manufacturing in Caldwell, Idaho and Blairsville, Pennsylvania, Powerfields delivers value to its customers through high-quality products and competitive prices.

Powerfields designs, manufactures, and delivers a diverse selection of products for the farm and ranch retail industry. Product lines include premium polytape, polywire, hot rope, hot braid, high-tensile wire, energizers, portable electric netting, and gate accessories.

Powerfields also provides a focused assortment of high-quality companion products that are essential for proper installation and performance such as insulators, hardware, and tools. Powerfields strives to develop products and equipment to improve efficiency and productivity, resulting in competitive advantages for customers. Our company has grown from a niche product manufacturer to a full-line provider of trusted, recognized brands.

Payment, Terms, and Freight Policies

Payment terms: Net 30 days on approved credit. Past due accounts will be assessed a 1.5% finance charge per month and revert to COD. Non-credit accounts must prepay or accept COD charges. Dealer orders paid with credit cards will be charged an additional 4%.

Freight, Shipping, Return, and Warranty Policies: Freight is prepaid on \$500 orders except Safe-Tee-Sleeves, Ground Rods, all posts, and high-tensile wire (Indicated with a ). These are FOB or prepaid in pallet or mixed pallet quantities at a \$2,500 order minimum. Product returns require a return authorization number in advance to receive credit. Credits apply to future purchases. Returns are subject to a 10% restocking charge. Returned merchandise must be in original condition to receive full credit. Damaged goods or shortages must be reported within 5 days of receipt of goods. Shipper must be notified at time of delivery.

Lacy Weimer is the Powerfields Brand Manager with 9 years company experience, and an MBA from Indiana University of Pennsylvania. Lacy's role at Powerfields includes sales management, marketing, and procurement tasks. Lacy lives in a small country town, near the Maryland-Pa border in South Western Pa. When Lacy is not working, she is usually chasing kids or cattle. Lacy is no stranger to farm fencing materials, as her family operates a beef farm with approximately 175 commercial brood cows. Family vacations usually involve cattle shows where she can spend time with family, and teach her son the meaning of challenging work and responsibility. Lacy loves visiting with folks involved in ag. business at the office and on the farm.

Ashley Sloan is the Powerfields Eastern US Sales and Merchandising Rep. Ashley joined the company team 3 years ago after finishing her Bachelors in Animal Science from The Pennsylvania State University. Ashley's role at Powerfields includes marketing and merchandising, sales and customer education, order entry, and visiting stores. Ashley's favorite part of the job is building relationships with customers and product development. Ashley lives close to the corporate office in Western PA where she works the family farm in her off-the-clock hours. When Ashley is not working, you can find her working on her latest wood-working creation, doing farm chores, riding horses, or exhibiting her rabbits at an ARBA Show. Learning to ride a horse before she could walk, Ashley has the experience and product knowledge to help you contain animals with the best fencing on the market!

Hoss DeHaven is the Western U.S. Sales and Merchandising Rep. bringing 8 years of company experience to the table. Hoss's role with Powerfields includes sales, merchandising, marketing, customer and consumer education, store visits, production and product development. Hoss lives in a small rural community in West-Central Pennsylvania on the family farm where he has worked with both dairy and beef cattle since he could walk. When Hoss is not working you will find him in the barn working with cattle, working and training miniature horses, hunting, or enjoying a scenic ride on his motorcycle. Hoss loves meeting and visiting with people in all aspects of agriculture. Fencing is in Hoss's blood, from application to installation he can guide you in the direction you need to go.

Phillip Stucker is Marketing Coordinator and Design for the Powerfields brand. Since joining Powerfields in 2013, Phillip has been with the company through its continued growth, helping oversee branding adjustment, photography and video production, web, and email. Phillip lives in Idaho, close to the main Powerfields warehouse. He builds relationships with local customers, exchanging quality Powerfields product for quality Powerfields footage. He's a member of the Idaho Organizational Resource Council, and is involved with the local community garden.
