BEAR PAW[®]

contoured performance saddle pad

Custom designed New Zealand wool hand-woven blanket top is expertly contoured with leather reinforced spine and wither. The interior is an Air Ride™ shock absorbing insert for impact protection and comfort, while the high quality merino wool bottom protects and wicks away moisture.

LEGEND of the BEAR PAW[®]

Bears represent protection, symbolize authority, physical strength and leadership. The bear paw/track symbol is a powerful good omen. The cross signifies direction and joining together. It also represents steadfastness. The saddle bag shape in the center of the blanket is symbolic of a long journey. Bear Paw protects and joins the horse and rider. It marks the pair with good things to come, direction and steadfastness in their journey to success.

WARBIRD
 contoured performance saddle pad

★★★★

Custom designed New Zealand wool hand-woven blanket top

★★★★

Expertly contoured with leather reinforced spine and wither

★★★★

Air Ride™ shock absorbing insert for impact protection and comfort

★★★★

Highest quality Merino Wool bottom protects and wicks away moisture

Eagle:
 Courage
 and Wisdom

Open Square:
 Leader of a
 War Party

Solid Square:
 Steadfastness
 and Reliability

The eagle symbol in each corner is facing upward with wings spread – encouraging the rider to defeat fears with courage and wisdom. The eagle also carried prayers to the Creator. The open squares indicate the rider to be a leader of a war party.

Today we lead our horses into modern day battles – competition. The solid square symbolizes steadfastness and reliability, a solid foundation that every horse needs. Warbird covers the horse and rider with courage. It encourages the confidence that comes from a trusted companion in battle.
