

OPTISOW BLUEPRINT PREMIX

PREMIX DESIGNED SPECIFICALLY FOR SOW AND BOAR PRODUCTIVITY

GUARANTEED ANALYSIS:

Crude Protein, min.....	4.0%
Crude Fat, min.....	1.5%
Crude Fiber, max.....	2.0%
Calcium, min.....	16.0%
Calcium, max.....	19.2%
Phosphorus, min.....	8.0%
Salt, min.....	10.5%
Salt, max.....	12.6%
Lysine, min.....	2.81%
Chromium, min.....	4.7 ppm
Selenium, min.....	7.1 ppm
Zinc, min.....	2,380 ppm
Phytase, min*.....	3,240 FYT/lb.
Phytase, min*.....	647 SPU/lb.

*One unit of phytase activity (FYT) is defined as the quantity of enzyme which liberates 1 micromol of inorganic phosphorus per minute. Environmental factors such as feed pH, moisture and processing methods such as pelleting and extrusion may affect enzyme activity.

PROFILE:

Show-Rite OptiSow® Blueprint® Premix represents a new generation of nutrition designed for the next generation of pigs. It provides proven technologies from Alltech that help maximize sow and boar productivity, piglet survivability and overall performance.

FEEDING INSTRUCTIONS:

Mix at the rate of 84 pounds with corn, soybean meal and distillers dried grain solubles according to the table below to make a complete ton of sow feed. Always supply a source of fresh, clean water.

GESTATION:	
ShowRite® OptiSow® Blueprint®, lb	84
HP Soybean meal, lb	200
Corn, lb	1716
Total, lb	2000
LACTATION:	
ShowRite® OptiSow® Blueprint®, lb	84
Natural Pak, lb	10
HP Soybean meal, lb	570
Fat, lb	60
Corn, lb	1276
TOTAL, lb	2000

INGREDIENTS:

Please refer to the product label/tag for a complete list of ingredients.

WARNING: This product, which contains added copper, should not be fed to sheep or related species that have a low tolerance to copper.

This product has been formulated specifically for swine and is not intended for other species.

Options in a 42lb bag #63831 or bulk invoice

Innovative feeding technology

Show-Rite OptiSow® Blueprint® Premix represents a new generation of nutrition designed for the next generation of pigs. It provides the following proven technologies from Alltech that help maximize sow productivity, piglet survivability and overall performance.

- **Sel-Plex®** Proprietary organic form of selenium yeast proven to enhance performance by providing selenium in a form naturally in plants and more digestible than inorganic forms.
- **Bioplex®** Range of organic trace minerals that provides mineral nutrition in a form as close to nature as possible.
- **De-Odorase®** Keeps manure odor and ammonia levels down; maintains respiratory health.
- **Allzyme® SSF** Natural complex that improves profitability by maximizing nutrient release.
- **Actigen®** Provides a natural, cost-effective means of maintaining gut health and integrity to support overall performance.
- **Integral® A+** Unique product that supports overall performance and helps animals achieve their true potential.

Show-Rite OptiSow Blueprint Premix also contains chromium propionate, which improves glucose metabolism and decreases wean to service estrus, as well as L-carnitine, which maximizes the energy status of the sow during gestation and lactation.

Show-Rite OptiSow Blueprint Premix now contains Hy-D®, a more readily available form of vitamin D that improves vitamin D status in sows and allows them to reach their productivity targets.
