

WE HAVE THE EDGE WHEN IT COMES TO YOUR LANDSCAPE

ValleyView[®]
Industries

Setting the Landscape Industry Standard

**WHOLESALE LANDSCAPE SUPPLY
IRRIGATION SUPPLY
ARCHITECTS**

FOR OVER 50 YEARS,

VALLEY VIEW HAS ESTABLISHED ITSELF AS
“THE BRAND NAME”
IN THE EDGING CATEGORY FOR LANDSCAPE.

From architects, professional landscapers and maintenance personnel around the world, they know the quality and peace of mind associated with installing Valley View products. Our offerings include professional grade flat 20' poly edging, 20' poly (bender) board and the most diverse offering of paver restraints in the industry. The needs of the world are met from one quality supplier - **Valley View Industries**.

Our line of professional products are available around the world via:

- Irrigation supply
- Landscape/Hardscape supply wholesalers and retailers
- Lawn and garden distributors

Thanks to all around the world who have put faith in the Valley View brand for the past 50 years. We will continue to strive for excellence in what we manufacture to the world.

Sincerely,

THE GRATEFUL EMPLOYEES OF

The Next Generation

NO DIG EDGING

LESS LABOR, MORE PROFIT

Until Valley View's No Dig Edging came along, there was never an easier or quicker way to install landscape edgings. With no digging required, you can maximize your profit with less labor!

- No Digging Required
- Bends Around Tree Beds
- Looks Great On Straights
- Versatile and Fits Every Yard
- More Work Done in Less Time
- Work Smarter Not Harder

ZERO HASSLE

PRIOR TO INSTALLATION:

Unroll edging and let it warm up for a few hours. Clear the area of turf and debris.

Place edging on level soil, with the tabs facing towards the planting bed.

Hammer in stakes, every 4 feet, through provided holes at a 45° angle. Use extra stakes on curves.

Backfill with mulch or other ground cover as desired.

THE #1 PRODUCT FOR MULCH & PINESTRAW RETENTION

LESS LABOR!

TALL, 3" NO DIG EDGING

EXTRA TALL. EXTRA VERSATILE.

When it comes to landscape retention, there isn't a better product on the market than our Tall, 3" No Dig edging. The flexibility and height of this product give it the ability to be used against brick, sidewalk, and grass to separate things like mulch and pine straw.

TALL 3" (7.62CM) EDGING

20' / 6.1 M LENGTH

INNOVATIVE EDGE (TALL) BLACK

FLAT STRIP EDGING 20' / 6.1M LENGTH

Flat Strip Edging gives your lawn the defined border that it needs.

Today, many landscapers who are aware of lower priced alternatives remain loyal to the consistency of Black Diamond's performance. Think of the labor costs of replacing inferior edging after your bedding stone/mulch has been installed!

Clearly separates grass from bed

Retain grass from entering flower beds

Looks great on straights and bends

INSTALLATION TIPS FOR FLAT STRIP EDGING:

Always wear protective gloves before striking the anchor stake.

Cut about 5" off of one of the circular sections.

Using a connector, join the two sections together as shown.

Drive an anchor stake through both sections. Hammer in at a 45° angle.

BLACK DIAMOND - 20'

BLACK DIAMOND

3 EASY STEPS

Install.
Backfill.
Job Finished.

POLY BOARD EDGING 20' / 6.1M LENGTH

Poly Board is the Steel and Aluminum Edging Alternative!

- Flexible
 - Easy to Work With
 - Safer than Steel
 - Safe for Children and Animals
- UV Protection Added
 - No Trim Cap Needed
 - Will Not Rust
 - Anchor Stakes Sold Separately

Looks great on straights and bends

PRIOR TO INSTALLATION:

Using a flat shovel or trenching machine, dig a trench to desired depth.

After clearing a level path, lineup the edges with a 1.25 inch gap.

Hammer in the stakes. Make sure the hook is overlapping the two.

Hammer the stake until it is flush and over lapping both boards.

INSTALLATION TIPS FOR DIAMOND-LOK PAVER EDGING:

Always wear protective gloves before striking the anchor stake.

Slide the bottom section of the restraint until it is flush with the sidewalk.

Hammer in anchor stakes at a 45° angle as shown. Hammer stakes every 2 feet.

Backfill with soil and sod flush against the edging of the sidewalk.
